About the Foundation

The Passion Foundation: A Melanoma Initiative

Proceeds from the event will help build shade structures over playgrounds in SWFL and to educate our community about sun safety and the benefits of early skin cancer detection. With your participation, you are helping continue our mission.

The foundation started when Tara was diagnosed with stage 3 melanoma in early 2010. After 4 immediate surgeries and chemo 3x/wk for 14 months Tara was thought to be "cancer-free", but in late 2011 it was found in her lungs, liver and brain. She started radiation the next day, after trying multiple methods of radiation and chemo therapies Tara sadly lost her battle to this horrible disease in late 2012.

Tara's dream was for the foundation to go on...Your participation will help fulfill her dream and save future lives.
